2020 Post-Graduation Residency Guidelines

The Torpedo Factory Post-Graduation Residency is a competitive juried program that provides meaningful support and a three-month term solo studio space. This residency is open to recently-graduated students who earned a bachelor's or master's art degree from an accredited university. The program is unique for addressing the critical post-graduation juncture in an emerging artist's career, offering an opportunity for professional development, and a chance to define their independent work process outside of the academic context. Submissions are open for both recently graduated art school students in the region and nationwide, provided artists submit proof of their residence in the D.C. metropolitan area.

Residents receive studio space and public presentation opportunities, including an artist talk and participation in a culminating curated exhibition in the Target Gallery, the contemporary exhibition space for the Torpedo Factory Art Center. Residents are active and equal participants in the Art Center's unique creative community. Residents benefit from engagement with local, national, and international artists.

Residency Dates: January - March, April - June, July - September, October - December

Application Due: Sunday, September 22

Notification: No later than Friday, October 25

Eligibility:

- Completion of BFA or MFA from an accredited University within the past 1-3 years.
- As this residency does not provide accommodations, artists must live in the D.C. metropolitan region and must provide proof of residency before official acceptance into the program.
